WHERE TO START

Quick reference

Need Help – Who to Contact

Contact details for Building Management and Strata Management who can assist you with any questions you may have about living at the building can be found in this document under Management & Administration.

Moving-in

To ensure your move-in runs smoothly and to prevent damage to the building residents must book their move with the concierge at least 48 hours prior to the move. See Moving & Deliveries for more information on the booking and moving-in process or download the Archibald Residences Moving Instructions from the building's website.

Parking & Storage Cages

Access to the building's car park is via Grafton Lane. Most apartments have been allocated at least one parking space and all apartments have a storage cage. Residents must only use their allocated space/cage.

The location of your car space & storage cage can be found in Appendix 1 at the end of this document.

There are limited visitors parking spaces available only to guests of residents on B1 & B2 for a maximum 24-hour period.

Keys & Access Cards

You will be provided with at least two sets of keys to access the building and your apartment consisting of:

- A building access card (fob).
- Car park entrance door remote control.
- Mailbox key.
- Apartment front door key.

Additional access devices and apartment keys can be ordered through building management. See Building Access & Security section in this document for more details on how to do this or download the key and access device application form from the buildings website: www.archibaldresidences.com.au .

Renovations & Installation of Blinds / Curtains / Flyscreens

Occupants are reminded that they must not undertake fit-out works or renovations to their apartment without the consent of the Owner's Corporation. If you are wanting to make changes to your apartment, please contact Building Management.

Residents are permitted to install internal blinds and curtains in their apartment without approval as long as they comply with the buildings by-law and are of a white, off white, cream or similar colour backing to ensure consistency of the building appearance when viewed externally. The use of roller blinds, venetian blinds, curtains and drapes is permissible (with the consent of the Owners Corporation). The use of vertical blinds is prohibited.

The recommended blind / curtain installer for the building is Lovelight blinds and they can be contacted on 1300 763 171 or info@lovelight.com.au .

Connecting Utilities

Owners / occupants will need to connect their own electricity, gas and water with a utilities provider on commencement of occupancy or settlement. While your utilities service should be working on occupancy, you must create an account with a utilities provider to prevent being cut off.

For more information regarding connecting your utilities please refer to the 'Connecting Utilities' section of this document.

Your utilities meter numbers can be found in the Apartment / Lot Information Table of Appendix 1 at the back of this document.

Connecting Phone & Internet (NBN)

The building is connected to the National Broadband Network (NBN) providing high-speed internet and telecommunication services to the building. When occupying your apartment, you are free to use a telecommunications provider of your choice to set up your telephone and internet service. Providers should be able to set up your connection without accessing the building, however if for some reason they require access to the buildings Main Distribution Frame (MDF) please contact building management.

When arranging your phone/internet connection you will need to provide your service provider with the address of your apartment and if needed the LOC number of your internet router. Please refer to the Phone & Internet (NBN) section of this document for further information regarding connecting your telephone and internet.

Waste Disposal

Garbage and recycling can be disposed of down the chutes on each level however the chute can only handle small items. There are bulk waste and recycling bins for larger items on the lower ground level next to the loading dock.

MANAGEMENT & ADMINISTRATION

Archibald Residences is managed by an experienced team consisting of the Strata Manager, on-site Concierge and Building Manager who are available to help with any questions you may have regarding the building.

Strata & Building Management report to the Buildings Strata Committee who are elected at the buildings Annual General Meeting and generally made up of building owners.

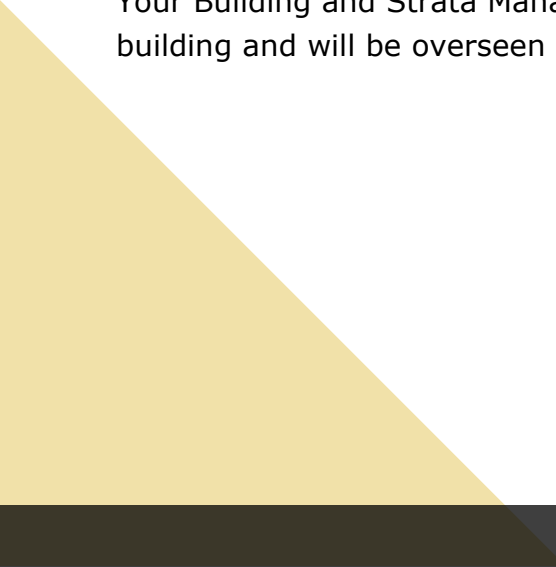

As a Strata Titled building, Archibald is governed and managed in accordance with the Strata Titles Management Act (2015) and Regulation (2016).

Strata plan

The building's Strata Plan number is **103144** and a copy of the Strata Plan is attached to your contract of sale and can also be downloaded from Building Link in the 'Library' section. The Strata Plan outlines each lot's respective ownership of the building within the Strata Plan.

Each lot (suite) is a member of the Owners Corporation that is collectively responsible for the overall management and administration of the Strata Scheme.

Your Building and Strata Manager will take care of the day-to-day management of the building and will be overseen by the Strata Committee.

Strata Management

Strata Management assists with the administration of the building covering matters such as levy payments and enquiries, insurance, and act as the secretary for the Owners Corporation.

Strata Management:	Strata Sense
Strata Manager:	Esther Lee
Ph:	1300 859 044
Email:	esther.lee@stratasense.com.au

Building Management

Archibald Residences has an onsite Building Manager, Sydney Building Management & Projects who is available to assist you with matters relating to the everyday running of the building such as maintenance items, building cleaning and general day to day operational matters.

Building Management is scheduled to be onsite three days per week: Monday; Wednesday; and Friday 7am to 12pm and can be contacted via phone 24/7 in case of a building emergency. For matters that are not urgent residents are requested to lodge their request via email or BuildingLink (see below) so that a record can be kept. Please find below the Building Managers contact details:

Building Management Office:	Sydney Building Management & Projects Lower ground level (via services corridor)
Hours:	Mon, Wed & Fri - 7am to 12pm (ex-PH)
Building Manager:	Scott Shearer (Director)
Ph:	02 7208 9165
Email:	management@archibaldresidences.com.au

Concierge

The Archibald Residences concierge is on-site Monday to Saturday 8am to 4.30pm and works with the Building Manager to oversee the day to day running of the building. The concierge is here to help and their duties include:

- Supervise building activity including the transit of residents, guests and contractors throughout the building.
- Accept the delivery of parcels, receipt to residents and delivery to resident apartments if approved.
- Provide access to resident apartments for deliveries and guests with approval.
- Provide apartment keys to approved persons and assist residents should they forget their keys.
- Supervise residents moving in / out of the building.
- Supervise building security reviewing security cameras and ensuring the building is secure.
- Greeting and providing a friendly face to residents and guests.
- Answering resident enquiries regarding the building and area.
- Carrying out regular inspections of the building to ensure it is secure, clean and functioning.
- Accept bookings for facilities.
- Handling general enquiries and liaising with Building Management as required.

To contact the concierge:

Office: Main entrance foyer
Hours: Monday to Saturday - 8am to 4.30pm
Ph: 02 7208 9165
Email: management@archibaldresidences.com.au

Strata Committee

The Strata Committee assists Building & Strata Management with the management of the building making decisions on behalf of the Owners Corporation (Building Owners). The Strata Committee is elected at the buildings Annual General Meeting (AGM) and is made up of up to 9 members.

Strata Committee & General Meetings

Strata Committee Meetings (SCM's) are held regularly throughout the year (usually quarterly) and are formal meetings where the Strata Committee meets to make decisions regarding the running of the building. Often matters that have been raised by owners will be discussed at this meeting with formal minutes taken and distributed to owners.

Annual General Meetings are held at least annually and provide an opportunity for all owners to vote on key matters regarding the management of the building such as the budget, financials and major expenditure.

Insurance

The building has an insurance policy that is renewed annually and covers common property. Occupants are responsible for insuring the contents of their apartment and must hold suitable insurance. For further information regarding the building's insurance policy and what is covered please contact the Strata Manager.

Building Website

To assist occupants and visitors with information regarding the building an Archibald Residences website has been created that provides useful information about the building, registration details, contact information and building forms. The website is available at the following address: www.archibaldresidences.com.au .

BuildingLink

Building management use a cloud-based building management program, 'BuildingLink' to manage the building. This program is used to log all matters affecting both the building and individual apartments allowing occupants to report and track matters relating to their apartments and monitor the progress of their issue.

Occupants are not obliged to use BuildingLink if they do not want to and can still report matters via phone or email, Building Management will log your matter in BuildingLink for future reference regardless.

BuildingLink also contains information that will be useful to occupants that is not available on the buildings public website. This includes apartment operation and maintenance manuals, by-laws, strata plan, warranties and building plans. This information can be found in the 'library section' of BuildingLink along with other useful documents.

Accessing BuildingLink

BuildingLink can be accessed via the Archibald Residences website using the link on the home page. Occupants must first be registered with Building Management for access by completing a resident registration form, also available on the home page of the website. Once registered a username and password will be issued within 24 hours.

If you require any assistance accessing or using Building Link please contact the concierge.

BUILDING INFORMATION & FACILITIES

Address & Mail

The buildings address for mail is:

568 Oxford Street
Bondi Junction NSW 2022

Mailboxes are located in the main entrance foyer behind the concierge desk. Each apartment has been allocated a mailbox and your mailbox number is your apartment number. A mailbox key was provided with your apartment handover keys. To ensure your mail is received please use your apartment number when providing your address as follows (example for apartment 201):

201/568 Oxford Street
Bondi Junction NSW 2022

Bicycle Storage

Bicycle storage is available throughout the car park levels. Please store bikes either in the designated areas or your storage cage. It is recommended that high quality locks be used to secure bikes to prevent theft.

By-laws

The building's by-laws outline the rules and regulations by which occupants must abide to protect the building and ensure peace and harmony amongst occupants. A copy of the building's by-laws was in your contract of sale and is also available via BuildingLink.

Building & Strata Management will supervise the management of the building in accordance with these by-laws and laws outlined in the Strata Title Management Act.

Cleaning

Building Management oversees the cleaning of the building and there is a cleaner on-site from 7am to 1.30pm Monday to Friday and 7am to 12pm Saturdays.

If any cleaning issues arise please contact Building Management or the Concierge who will arrange for the matter to be addressed promptly.

Car Wash Bay

There is a car washing bay available for residents to wash their vehicles on the lower ground level next to the loading dock. Please ensure the wash bay is left clean and tidy after use and re-coil the hose.

Under no circumstances should residents park their car in the car wash bay.

Communal Outdoor (BBQ) Area

There is a communal outdoor BBQ area on level 6 that includes a BBQ and small kitchen. This area is open from 7am to 10pm daily and residents can book the area for functions of up to 25 people by contacting the concierge.

Electric Vehicle Charging

Electric vehicle charging stations are available on basement level 1. The charging stations are provided by Tesla and while fitted for Tesla vehicles should work on most electric vehicles with the use of an adapter (not supplied).

Only electric vehicles can park in these spaces and vehicles must be moved once charged.

Parking - Residents

Access to the building's car park is via Grafton Lane and you will require your building access card or remote to open the car park door.

Most apartments have been allocated at least one parking space and residents must only use their allocated space. Please refer to the Apartment / Lot Information table in Appendix 1 and the back of this document for the location of your space.

Parking - Visitors

There are limited visitor parking spaces available only to guests of residents on the B1 & B2 car park levels for a maximum 24 hour period.

In accordance with by-laws owners and occupants must not park in the visitor's parking area under any circumstances.

Repairs & Maintenance

Building management is responsible for repairs, maintenance and cleaning of common areas.

Please report any non-urgent matters to building management or the concierge via email at buildingmanager@archibaldresidences.com.au or via Building Link. For building emergencies, such as large water leaks, management can be contacted 24/7 on 02 7208 9165.

Waste Disposal

Each level has a garbage and recycling chute for general waste and mixed-use recycling. The chutes can only handle small sized items however there are bulk waste and recycling bins available on the lower ground level opposite the loading dock for larger items.

BUILDING ACCESS & SECURITY

You will be provided with at least two sets of keys made up of a building access card (FOB), apartment door key, car park entrance door remote control and mailbox key to access the building and your apartment.

Keys

Building apartment keys are registered keys and can only be cut with the permission of Building Management via the registered key provider. Occupants are free to change the locks to their apartment however must note that only the registered master key will provide access to other doors throughout the building and the door handle-set must not be changed without permission of the Owners Corporation.

Should additional keys be required please complete a key/access card application form available from the buildings website under 'Forms & Procedures'. Additional keys are available at a cost of \$25 and instructions on how to obtain the key can be found on the form.

Access Cards (FOB's)

Your building access card will provide access to the main entrance foyer, car park entrance door, and provide access to the level of your apartment. Should additional access cards be required please complete a key/access card application form available from the buildings website under 'Forms & Procedures'.

Additional access cards are available at a cost of \$110 with combined access card / car park remotes for \$150. Instructions on how to obtain additional access cards can be found on the form.

Security & Security Cameras

The Building is fitted with a security camera system which covers main areas throughout the building including the lifts.

Residents should be cognisant of security when transiting through the building by ensuring that all doors close and lock shut, not letting unknown persons follow you into the building or car park.

To minimise the potential for theft residents are requested not to keep valuable items in storage cages and to use high-quality locks to ensure thieves cannot access storage areas.

EMERGENCY RESPONSE PROCEDURES & BUILDING EVACUATION

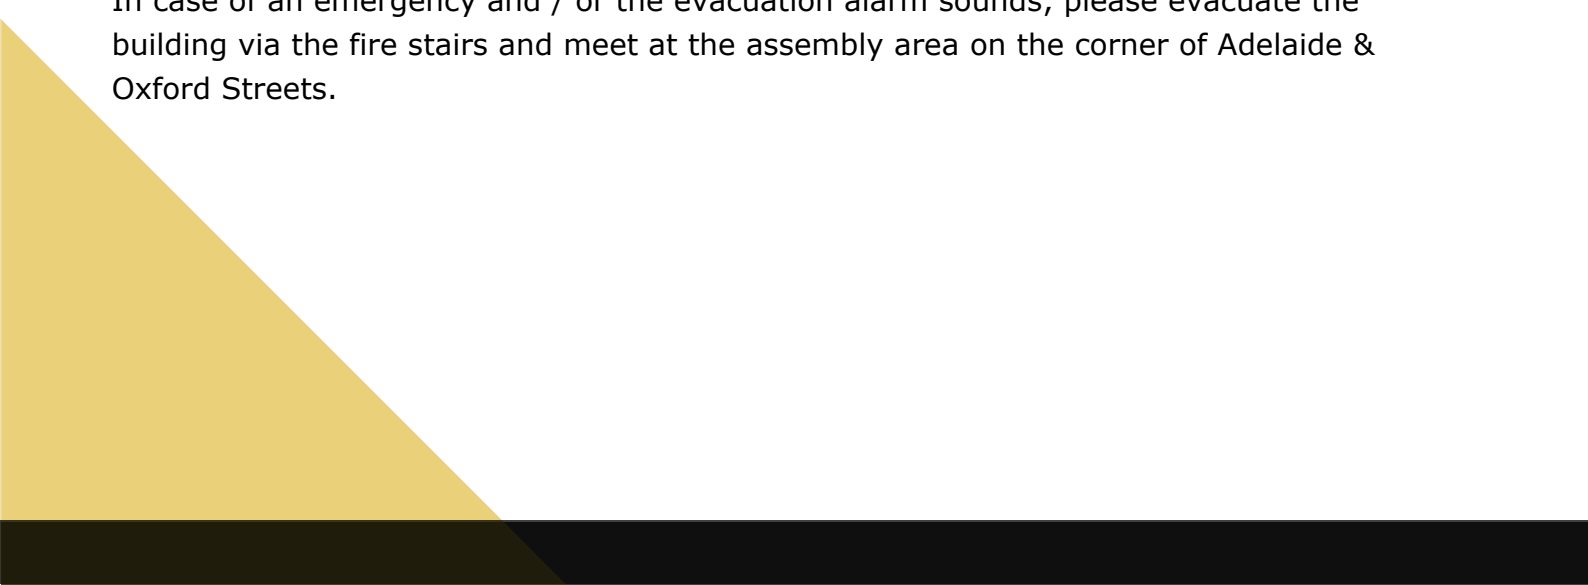

Occupants should familiarise themselves with the below Emergency Response Procedures (ERP), location of fire exits and stairs, and how to evacuate the building in case of an emergency.

Additional information regarding what to do if there is an emergency in your apartment is also outlined in this section.

Fire & Evacuation Alarm

Archibald Residences is fitted with an emergency warning & Information system (evacuation alarm) and the alarm may sound in the event of a fire (smoke detection), if a sprinkler is set off or the alarm is manually sounded.

In case of an emergency and / or the evacuation alarm sounds, please evacuate the building via the fire stairs and meet at the assembly area on the corner of Adelaide & Oxford Streets.

Evacuation Assembly Area

If the evacuation alarm sounds please proceed to the evacuation assembly area on the corner Adelaide & Oxford Streets and await direction from emergency services or management.

Fire Stairs & Exits

Occupants should familiarise themselves with the location of the buildings fire stairs and fire exits to be used should there be a need to evacuate the building. Fire stairs and exits will be marked with an exit sign that should remain illuminated even in the event of a fire or power outage. Each level has at least one set of fire stairs and there are several exit points throughout the car park.

If there is a need to evacuate the building residents are reminded not to use the lifts.

Smoke Detectors

There are two types of smoke detectors spread throughout the building: common area; and apartment.

Common area smoke detectors if activated will set off the building's evacuation alarm and the fire brigade will attend.

The smoke detectors in your apartment are local detectors, if activated they will only sound in your apartment. If there is a fire in your apartment you must notify emergency services (000) and set off the building's evacuation alarm using the manual push buttons located throughout the building.

Should you have an issue with the smoke detector in your apartment it is generally the result of the battery being low. Residents can easily replace the battery by removing and replacing the existing. The battery is generally a 9v household battery.

Smoke detectors both in apartments and common areas will be tested at least annually.

Break Glass (Emergency Alarm)

There are break glass (emergency) alarms spread throughout the building mainly in the hose reel cupboards on each level. If there is a need to evacuate the building, residents can manually set off the evacuation alarm by activating the break glass button which will set off the evacuation alarm.

Please note: The Emergency Alarms if activated do not notify the Fire Brigade, it is a local alarm only. Occupants must also call emergency services on 000 if emergency services such as the Fire Brigade are needed.

Evacuating the Building – R A C E Procedure

Should there be a need to evacuate the building the R A C E process should be followed:

R A C E

Remove persons from immediate danger

Alert by breaking Manual call Points and calling 000

Contain the Emergency (only if safe and trained to do so)

Evacuate to the allocated Assembly area

Other Emergency Procedures

Occupants should be aware of other emergency procedures which may impair the functioning of the building and how to respond to such incidents. These include:

Loss of power – Occupants should be aware that there is no emergency power supply at the building in the event of a power outage. Residents should familiarise themselves with the location of their switchboard both in their apartment, and in the common hallways which should first be investigated should they lose power to their apartment.

Water Leaks / Flooding – In the event of a water leak you may be able to minimise damage to property by shutting off the water supply to your apartment. Each apartment will have a shut off valve for both gas and water services within their apartment, generally at each service, for example under the cooktop, under the sink, etc. There is also a gas and water main shut off to your apartment in the common area hallway (access required via management).

Residents are also reminded to keep any drains on balconies or other areas free of debris to prevent blockage.

MOVING IN & DELIVERIES

Residents moving furniture or large items into or out of the building must first book with the concierge/building management **at least 48 hours** prior to the move to ensure the lift is available, co-ordinate your move with other residents and ensure the lift protection is installed, priority will be given on a first-in basis.

Moving Times

Residents are currently permitted to move 6 days a week during concierge hours:

Monday to Saturday: 8am to 4.30pm

Moving Process

The Archibald has two lifts allowing one resident to move-in to the building at any one time. Moving is only permitted during the designated hours when the concierge is on-site to assist and supervise the move.

There is a loading dock on the lower ground level for trucks to park (subject to size restrictions) and all items must enter the building via the car park levels, under no circumstances are items to be moved through the main entrance foyer.

Loading Dock

There is a loading dock for large vehicles located on the lower ground level as you enter the car park via Grafton Lane. Past the lower ground level the car park has a height

restriction of **2.2m** limiting access for large vehicles.

Residents moving with large vehicles must park their vehicle in the loading dock and use the nearby lift to take items to their apartment. For retail tenancies there is a goods lift to take items to the ground level goods collection area.

The loading dock can handle a delivery vehicle up to the following dimensions:

3.8m height limit

6.4m length

Lift Sizes

Please be cognisant of the size of the lift when scheduling your move to ensure your items can fit into the lift. The dimensions of the lifts are:

Clear Opening Height **2100mm**

Clear Opening Width **1000mm**

Inside Car Height **2400mm**

Inside Car Width **1400mm**

Inside Car Length **2000mm**

Goods Lift (Retail Tenancies)

Retail Tenancies can use the goods lift to take items from the lower ground level loading dock to the ground level goods collection area.

Bookings

Residents must book their move to ensure the lift and loading dock is reserved, lift protection is installed and a lift lock off key can be provided to prevent damage to the lift.

Please note under no circumstances are residents to move items into the building via the main entrance foyers, residents must access the lifts via the car park or loading dock.

Booking Procedure

Bookings must be made 48 hours prior to your move and residents can make a booking be either contacting the concierge or using the online booking portal accessible via the Building Link platform. For security purposes residents must have their details registered with management for a booking to be accepted.

To register your details with management and make a booking using the online system:

1. (New Residents) Notify Building Management of your contact details by completing the 'Resident Registration' form available on the home page of the buildings website (www.archibaldresidences.com.au).
2. Building Management will confirm your details and then send you a login to Buildinglink, the online management system used to manage bookings and run the building, access to Buildinglink is also available via the home page of the buildings website.
3. Login to Buildinglink and go to the reservations tab, choose the type of reservation you are wanting to make: Lift / Loading Dock. You will be able to see the moving times that are available, make a booking at the applicable time.
4. Management will confirm your booking and the moving process as outlined in this document.

On the day – Commencing your move

On the day please contact the concierge on 02 7208 8904 who will assist you with where to park your vehicle, provide you a lift key and explain the operation of the lifts. Similarly, when completing your move the concierge will carry out an inspection of the area to ensure no damage has been made and collect the lift key from you.

For further information please refer to the Archibald Residences Moving Instructions available from the 'Forms & Procedures' section on the buildings website.

ABOUT YOUR APARTMENT

Maintenance & Repairs

Repairs & maintenance to individual apartments that are not common property are the responsibility of the owner.

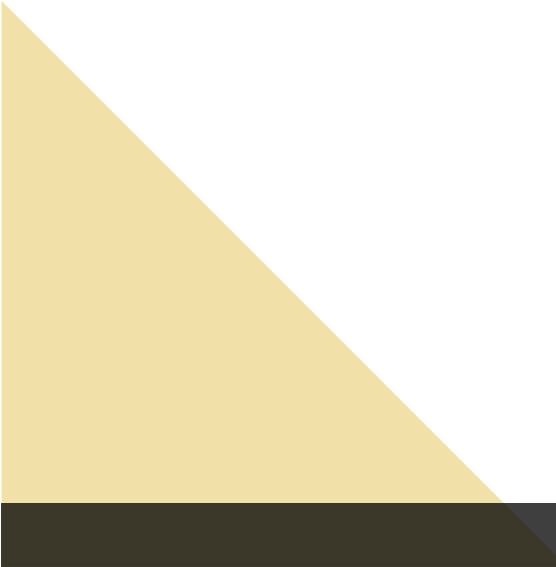

The Owners Corporation is responsible for the external walls of the apartment including doors and windows. Any maintenance items regarding these items or other common property items can be reported to Building Management.

Air Conditioning

Each apartment has reverse-cycle Air-Conditioning (A/C) consisting of an indoor evaporator fan unit located in the ceiling cavity and an outdoor condenser located either on the building's roof top, your balcony or other building plant room.

Ongoing repairs and maintenance of your A/C is covered under the manufacturers warranty for a period of 2 years on 6 monthly intervals. The manufacturer will contact you directly regarding servicing intervals.

Further information regarding your A/C including instructions and user manual can be found on BuildingLink in the document library section.

Defects

Parkview and their subcontractors have made every effort to handover the building and your apartment defect free. We understand that there may be issues that have failed to be identified. For defects identified post settlement please log your defect with Building Management via Building Link or email who will follow-up with Parkview on your behalf.

Foxtel

The building is Foxtel ready and residents wanting to install Foxtel should contact them directly, see www.foxtel.com.au .

Connecting Gas & Electricity

When moving into the building you will need to connect your gas and electricity to prevent your service being cut-off. While your utilities service should be working on occupancy, you must create an account with a utilities provider to prevent being cut off.

The electricity and gas supplied to your apartment is individually metered. Should you require your electricity or gas meter numbers, please refer to the Apartment / Lot Information table available in Appendix 1 at the end of this document.

Utilities meters are read remotely and are located in a cupboard in the building corridors and can be accessed by contacting Building Management. The hot water meter to apportion your hot water consumption is also located in the meter cupboards in the building corridors.

Please note that the building's hot water is provided through a centralised gas hot water system however owners need to pay for the gas to heat the hot water. When setting up your gas account (see above), you will also establish an account for the gas to heat the hot water. There will therefore be two meter numbers on your gas account.

Residents should ensure that they cancel their gas and electricity accounts when they move out of the building to ensure they are no longer billed for usage at the apartment.

Water / Hot Water

The cost of water is paid for by each apartment billed to you by Sydney Water; you should confirm that Sydney Water has your correct contact details. Sydney Waters contact details are:

132 092

www.sydneywater.com.au

Individual stop valves to turn on/off the hot and cold water to your apartment can be found in the meter cupboard in the common hallway accessible by contacting Building Management.

Intercom System

Each apartment has an intercom handset that will provide access to the building via the main entrance foyer and car park. You can download the intercom handset instructions via Building Link or it is available in the handover documents that are part of your welcome pack.

Operation & Maintenance Manuals

Operation and maintenance manuals have been provided to owners on a USB in your hand-over pack. This information can also be downloaded from Building Link in the 'Library' section under Operation & Maintenance Manuals which include:

- Dishwasher, oven, cooktop, range hood and dryer manuals;
- Paint colours & finishes schedule;
- Fixtures, furnishing & equipment schedule outlining brands, models and description of fittings in your apartment; and
- Supplier & Installer contact & warranty information.

Phone & Internet (NBN)

The building is connected to the National Broadband Network (NBN). When occupying the apartment you are free to use a telecommunications provider of your choice to set up your telephone and internet. Providers should be able to set up your connection without accessing the building, however if for some reason they require access to any areas of the building please contact building management. Some popular telecommunications providers are:

Telstra: www.telstra.com.au

Optus: www.optus.com.au

TPG: 13 14 23 (www.tpg.com.au)

Each apartment has an NBN distribution board usually located in one of the living area cupboards. Your telecommunications provider will provide a phone/internet service to this distribution board, you may need to connect the line for your wall outlets to the distribution board to obtain a service at the various wall outlets throughout your apartment.

If you require NBN LOC numbers when setting up your connection, they are available in the Apartment / Lot Information table in Appendix 1 at the back of this document.

Renovations

Occupants are reminded that they must not undertake renovations to their apartment without the consent of the Owner's Corporation. If you are wanting to renovate your apartment which includes the installation of timber/tile flooring or any other changes that affect common property, please contact Building Management who will assist you with the renovation process.

Meter Readings

Your electricity, gas and water meters are read remotely and are located in a cupboard in the building corridors that can be accessed by contacting Building Management.

Warranty's

Installation of fittings, fixtures and equipment within your apartment are covered by both the builder and manufacturers warranty's. A warranty schedule can be found in the Operations & Maintenance Manual provided as part of your handover pack and are also available via Building Link in the document library.

A large, decorative gold triangle is located in the bottom-left corner of the page, pointing towards the top-right.
